NASA Summer 2022 Balloon Campaign Contacts

1 Introduction

The following list of contacts is for the use of customers on the base during the NASA 2022 Balloon campaign. For emergencies the rescue services (**112**) and the guard should be contacted (**2333 or +46 70 68 538 04**).

SSC does not guarantee the response time for the staff listed below.

2 Contacts

2.1 Main Contact Points

The following staff are available during office hours and during launch and are the primary contact points. Outside of these hours they may be contacted either by phone, email or by leaving a message – response times are not guaranteed.

Please note that all requests for work outside of normal hours and/or launches should first go by the Campaign Manager for approval.
