

SOLAR SYSTEM SCHOOL

**International Max Planck Research School
for Solar System Science at the University of Göttingen**

PhD positions 2021 in Solar System Science

Sun and Heliosphere

Solar magnetism and activity
Solar corona and wind
Solar variability
Stellar activity and variability
Space missions: Solar Orbiter, SOHO, Stereob, ...
Balloon- and ground-based observatories: Sunrise, Gregor, ...

Solar and Stellar Interiors

Helioseismology
Asteroseismology
Stellar modeling
Exoplanetary systems
Space missions: SDO, Kepler, Plato, ...

**Review of applications begins
1 November 2020**

Three-year international PhD program

Attractive funding via doctoral support contracts
Collaborating with leading scientists
Working in English language, complimentary German courses
Inspiring curriculum of scientific lectures and seminars
Career support through advanced training workshops
Travel funds provided to attend conferences
Doctoral degree from the renowned University of Göttingen
Short-term post-doctoral appointment after graduation

Max-Planck Institute for Solar System Research
Göttingen Campus

Germany
